

Specification

Our crusher is a Red Rhino 4000 Series Micro Crusher:

Length	3,000 mm
Width	750 mm - 1,060 mm - hydraulic expanding tracks
Height	1,500 mm
Weight	1,400 Kg
Input Size	390 mm x 160 mm
Output Size	5 mm up to 70 mm - instant hydraulic adjustment
Output	Anything between 2- 8 tons per hour <i>(output will vary according to jaw setting, input material, loading equipment, loading method and familiarity of operator)</i>
Consumption	1.5 litres of diesel per hour
Dust Suppression	Domestic hose to fine water spray nozzles on conveyor
